DRONEWORXRVA

YOUR VISION, FROM A HIGHER PERSPECTIVE

We're your Virginia-based drone photo and video team capturing visuals that move projects forward and tell stories from new perspectives.

The Process Simplified

DISCOVERY CALL

During our call, we'll talk about your project goals, timeline, and ideal visuals so we can craft the perfect flight plan together.

You Get: A free consult and a clear direction for your project.

FLIGHT PLAN

Behind the scenes, we handle airspace checks, scheduling, and pre-flight prep to keep your shoot smooth and compliant.

You Get: Confidence knowing everything is FAA & TSA approved and ready to go.

FLIGHT DAY

Our certified pilot captures cinematic aerial photos and videos that highlight your project from every angle.

You Get: Professional visuals and an efficient, seamless experience.

EDITING & DELIVERY

Your edited photos and videos are delivered within 48 hours — ready for presentations, marketing, or progress reports.

You Get: High-quality, ready-to-use media assets.

YOUR VISION, FROM A HIGHER PERSPECTIVE

We're your Virginia-based drone photo and video team capturing visuals that move projects forward and tell stories from new perspectives.

WHAT TO EXPECT ON FLIGHT DAY

- Weather confirmed 24 hours in advance
- One point of contact on-site
- Flight typically lasts 30-60 minutes
- Safety zones and communication clearly marked

DELIVERABLES & TIMELINE

- Edited photos or 30-60 second recap video delivered within 48 hours
- Optional add-ons: raw footage, time-lapse, reels

GETTING THE MOST VALUE

- Choose your best angles or focus areas early
- Schedule morning or golden-hour flights
- Use deliverables for social media, marketing, and reports

FAQs

Do you fly indoors? No, but in large controlled environments, we have specialized equipment that allows us to safely simulate an indoor flight.

What if the weather changes? We reschedule at no cost.

Do you handle permits? Yes, we take care of airspace compliance.
